You will have the opportunity to walk through the newly constructed hospital before it opens its doors in July. On the day you will hear from Damian Armour FAICD, CEO of Epworth Geelong.

Damian will take us through the journey of building the new hospital and developing the unique partnership between Epworth and Deakin University, which is positioned right next door.

Epworth Geelong is a comprehensive acute and rehabilitation private hospital that will integrate clinical practice with education and research. Combining the best of new private health facilities and Epworth's renowned high-quality healthcare services with Deakin University's training and research activities and knowledge.

This joint initiative is based on international models such as the Cleveland Clinic and Mayo Clinic, leading U.S. not-for-profit hospitals. They have demonstrated improved patient outcomes are achieved in a teaching hospital setting.
